Regional Coordination Group
for Baltic Sea

What is a RCG?

It is the main hub for regional coordination and cooperation within the different sea basins or specific type of fisheries contributing to the EU fisheries Data Collection Framework. More information.

Terms of Reference (ToRs)

- **ToR 1:** Propose ways to improve the alignment between data collection and end-user needs (by region).
- **ToR 2:** Implement and maintain data quality in data collection.
- **ToR 3:** Review impact on management measures on data collection.
- **ToR 4:** Development and implementation of Regional Work Plans.
- **ToR 5:** Propose ways to improve the regional coordination and feedback on regional issues.
- **ToR 6:** Support of ToRs
